## NOTICE OF EX PARTE COMMUNICATIONS

*Copies of tendered notices are available in the Central Files Office for review and/or reproduction under existing procedures. They are also available from the filing party who is under the obligation to provide copies of the notice without delay.*

6/27/02	A00-11-038	Southern California Edison Company, for authority to institute a rate stabilization plan with a rate increase and end of rate freeze tariffs.
	A00-11-056	Pacific Gas and Electric Company, for emergency application to adopt a rate stabilization plan.
	A00-10-028	The Utility Reform Network, for modification of Resolution E-3527.

**Summary:** On June 24, 2002, William H. Booth, counsel for the California Large Energy Consumers Association (CLECA), attended an all party meeting with Cmmr. Duque in San Francisco. Booth stated that CLECA is opposed to the proposed decision's approval of Southern California Edison's Historical Procurement Charge (HPC) proposal. Booth stated that Edison has failed to demonstrate clear causal responsibility among Direct Access customers for its undercollection balance. Booth urged the Commission to consider a smaller allocation of the undercollection balance for recovery from Direct Access customers.

6/27/02	A01-03-026	PacifiCorp (U-901-E), for an Order Authorizing an Immediate Interim Rate Increase, Subject to Refund and for Consideration of a Rate Stabilization Plan.
---------	------------	--

**Summary:** On June 24, 2002, Christy Omohundro, Director of Regulatory Policy for PacifiCorp, met with Cmmr. Wood at the Chinatown Holiday Inn in San Francisco, and with Cmmr. Peevey at the Commission's offices in San Francisco. In the meetings also participated Don Furman, Senior Vice President of Regulatory & Government Affairs, and William Booth, counsel, for PacifiCorp. At the meeting with Cmmr. Wood also present was Manuel Ramirez, advisor to Cmmr. Wood, and with Cmmr. Peevey – Kevin Coughlan, advisor to Cmmr. Peevey, and David Gamson, advisor to Cmmr. Brown. Furman urged the Commission to vote for the proposed decision (PD). Furman explained that the PD utilizes 1999 system-wide power costs, as opposed to higher power costs from 2000 or 2001 in making its determination that a 1 cent increase is justified. Furman explained that the alternate mistakenly states that the increase under the PD would be merely 15% when in fact the increase would be less than 10%.

6/27/02          A98-02-017      Pacific Bell, for authority to categorize business inside wire repair, interexchange carrier directory assistance, operator assistance service and inmate call control service as Category III services.

                    A98-04-048      Pacific Bell, for authority to categorize residence inside wire repair as a category III service.

**Summary:** On June 24, 2002, David Discher, General Attorney for SBC Pacific Bell Telephone Company (SBC Pacific Bell), met with Cmmr. Brown in San Francisco. Also present were Rob Wullenjohn, advisor to Cmmr. Brown, and Cynthia Marshall, Senior Vice President-Regulatory, SBC Pacific Bell. Discher stated that the Commission has three times found the inside wire repair market competitive. Discher explained that the simple fact – a price increase – is not evidence of a change in market conditions and that, in any event, the Office of Ratepayer Advocates' petition is procedurally improper.

**Summary:** On June 24, 2002, Ira Alderson, Deputy Director of the Office of Ratepayer Advocates (ORA), met with Cmmr. Brown in San Francisco. Also present were Robert Wullenjohn, advisor to Cmmr. Brown, and Denise Mann, Program Manager – Telecommunications, James Simmons, Public Utilities Regulatory Analyst V, and Laura Tudisco, Staff Counsel, for ORA. Written materials (attached to the notice) were used. Referring to ORA's petition for modification of D99-06-053, ORA's representatives described how, since the re-categorization of the Wire Pro insurance service to Category III, Pacific Bell (Pacific) has raised rates 150% above the ceiling rate originally approved for the service. ORA also described how competition has failed to contain Pacific's price increases. ORA explained that ORA's petition asks the Commission to re-categorize Pacific's residential Wire Pro insurance plans to Category II, and seeks reinstatement of a ceiling rate of \$1.20 for the service.

6/27/02          R01-10-024      Order Instituting Rulemaking to Establish Policies and Cost Recovery Mechanisms for Generation Procurement and Renewable Resource Development.

**Summary: AUGMENTATION REQUIRED.** On June 25, 2002, Leslie Katz, Regional Vice President of Sempra Energy Utilities (Sempra), met with Cmmr. Brown on behalf of San Diego Gas & Electric Company (SDG&E). Also present were Peter

Hanson, advisor to Cmmr. Brown, and Joe Kloberdanz, Manager of Electric Case Management, and Billy Blattner, CPUC Relations Administrator, for Sempra. Katz stated that SDG&E supports Southern California Edison Company's (SCE) objective of using the Department of Water Resources (DWR) as the creditworthy buyer for any capacity contracts entered into prior to their return to creditworthiness provided that such authority is granted simultaneously to SDG&E, SCE and Pacific Gas and Electric Company (PG&E). With respect to any interim procurement, Katz urged the Commission to adopt clear procurement rules and reasonableness criteria, expedited contract review, and timely cost recovery. Katz also stated that the interim mechanism should allow for procurement of only a limited amount of capacity. Katz asserted that the Commission should also consider limiting some percent of the interim purchase contracts to one year. Katz further stated that the Policy Goals for DWR Contract Allocation are contradictory. Katz recommended that the Commission adopt a portfolio approach rather than allocate contracts to utilities.

Peevey, Joseph Karp of W&C, Tom Beach of Crossborder Energy, technical consultant to CCC, and Barry Lovell of Berry Petroleum Company, a member of CCC. CCC representatives urged the Commission to support CCC's proposals to reinstate Standard Offer 1 contracts for qualifying facilities (QFs) for one-year term and to give QFs a first right of refusal in connection with capacity and other products that the utilities may seek in the future.
